

ESMT Master's in Management Program in Berlin, Germany

Partial and full-tuition scholarships available for the September 2015 class

The Master's in Management is a 22-month program, taught in English, for graduates in an analytical or quantitative discipline (like science, technology, engineering, finance, economics or mathematics etc.) who have little or no full-time work experience. The MIM is designed to enhance the analytical skills developed during their previous studies and use them in an applied business management setting. The program was developed in consultation with top German and international companies.

The program summary:

- Strong analytical focus on general management and innovation in an international environment
- Between 10 to 12 months of in-company and project experience in German enterprises, Berlin start-ups or abroad
- Internship opportunity offered by companies such as Allianz, Axel Springer, BMW, Bosch, Deutsche Bank, Deutsche Post DHL, E.ON, Gazprom, McKinsey, Siemens and ThyssenKrupp
- Second year specializations include: finance, value chain management or innovation and technology management
- All students learn an additional foreign language: German for international students and a global language for German students

Profile of prospective students:

- Bachelor's graduates with an analytical study background
- Students with any first university degree displaying advanced abilities in quantitative subjects and strong interest in business analytics

Scholarships:

- Recent (2014 or 2015) graduates of the University of Salzburg are eligible for scholarships
- Tuition reduction of **EUR 5,000** if enrolled to the program by **March 31, 2015**, which reduces the total tuition
- Merit-based scholarships covering up to the entire tuition of EUR 25,000
